Re.: Karosserieumbau 911 Turbo - flache Frontpartie
Fahrgestell-Nr.: WPO ZZZ 93 ZCS 000 418

Dear Mr. Tittel,

Thank you very much for your letter dated 15-1-85.

After having checked our documents, we can inform you that the a.m.
vehicle was built in 1982 for one of our German dealers.

The internal factory designation of this car is "930 S". We could not
find out exactly how many cars of this special wish were modified
in 1982.

We regret not being able to publish internal documents of this vehicle,
but we hope you will understand this. Please be informed that this
vehicle and also the modification of it into a "flache Frontpartie" are
not destined for the American market, i.e. the vehicle is not homologated
in this form and does not correspond with the security requirements.
Therefore Porsche by no means agrees to the importation of such cars to
the USA and warns all owners of these vehicles.

We regret that we cannot give you more information, but believe having
answered some of your questions.

We remain,

With kind regards
